

Tidy Town Yard/Garden Beautification

Every year the Kimiwan Lake Naturalists award two town residents with a gift card from a local greenhouse for beautifying their yard/garden.

The criteria used is:

- creativity and originality
- overall variety of flowers, shrubs and trees or an arrangement of specific flowers, vegetables and herbs
- McLennan being the Bird Capital of Canada there should be at least one birdhouse, feeder or bird bath
- judging will take place during the first two weeks of August

Let's see how we can beautify our town one yard/garden at a time.
